Subject: RE: Unregulated LED Headlights

Hi Mr. Baker,

First and foremost, thank you for your patience as we worked through this request—and thank you very much for inviting Secretary Buttigieg to discuss the regulation of LED headlights, daytime running lights, and flashing lights.

Unfortunately, our team is unable to confirm this on the Secretary's calendar at this time. We're so sorry we can't get this scheduled right now, however, we will retain this request in our records. If circumstances change and the Secretary is able to accept this meeting, we will absolutely let you know.

Thank you again for the outreach and consideration.

Warm regards,

Mackenzie Praytor
